

## Implement A Leadership Mindset

Don't just make money! Create wealth and employee commitment with a "Leadership Mindset"

- **We are all leaders regardless of position, title or experience.** Learn to reframe your Vision, Mission and Values with your team.
- **Declare victory over your desired outcome, and then work backward.** Our media create a victim culture. Learn to see and help others see a better way.
- **Serve the team, before you serve yourself.** Learn how to realize your team's potential. Talent is the worst resource to waste.
- **Never, ever, ever allow yourself to be a victim!** Become aware of the line between leader and victim and how to stay on the right side of it.
- **If it ain't broke...Break it!** Learn to challenge the status quo, expect the most from yourself and your team

This training program will teach you and your organization 5 practical and powerful Leadership Principles. Combining the concepts of many leading books on leadership, you will create leaders that take action to improve their business and their lives and not be victims that blame others for their inaction.

**Complete program includes 12 modules that will fully transform your team to be world-class organization. Also available as an introductory presentation.**
