

## Attention Business Owners:

### Does Your Business Operate Without You Being There...

Some business owners have an effective business system to run their businesses. This type of business provides a great income and the flexibility of taking time off without worry.

However, the vast majority don't.

### ...or are You Busy Putting Out Fires Every Day?

Most business owners are challenged every day with:

- Improving their **sales**,
- Managing **cash** flow,
- Serving **customers**,
- Complying with **laws**,
- **Marketing** their business better,
- Finding and keeping **good people**,
- Etc....

Even when they take time off, they are constantly worried about the effectiveness of their business, their people, and their systems.

It doesn't have to be that way.

- Wouldn't it be nice to easily measure your business' effectiveness?
- Wouldn't it be nice to pinpoint the REAL problems in your business?

### **Introducing:** *The Business Effectiveness Evaluation*

**NOW** you can get a quick, easy, and inexpensive measurement of where your business stands in **ten** key areas! For **only \$495**, you will get an effectiveness report and a 90-minute coaching session with one of our certified professional business coaches, to go over the findings and create an action plan! *And, as with all of our services, if you are not completely thrilled, your money will be fully refunded!*
